Discover a vibrant collection of fine art and ceramics pieces created by our MSS artists.

Fine Arts projects were inspired by the following artists:

Georg Baselitz  
Keith Harring  
Kehinde Wiley  
Kambel Smith  
Deborah Roberts

Our Ceramics students have a special offering to view which is a collaboration with DIV 1 students from Wildwood Elementary School in which they took drawings of imaginary monsters created by the younger students and transformed them into 3D sculptures.

**\*\* A very special WEARABLE ART collection was designed by MSS students to depict each level of Maslow's Hierarchy of Needs as part of our school focus on Well-Being.**
